DWA Pokemon Go Essay

Pokemon Go provides both benefits and dangers, I feel that the benefits outweigh the dangers of playing the game. The main benefits of playing Pokemon Go are, it keeps people active and healthy, it makes people a bit more interactive with others, and it helps businesses to be discovered when people are walking about.

First of all, Pokemon Go keeps is active and healthy, by making people walk to continue playing the game. According to Document C, Health Benefits to Catching Em' All, " 62% are physically more active for 5 or more hours each week " That means that 62% of the people who play pokemon go are getting extremely more active than what they usually do, so anyone with health problems that starts playing pokemon go could become healthier in time. According to Document C, Health Benefits to Catching Em' All, " Fresh Oxygen improves brainfunction, tones muscles, Lowers blood pressure, prevents osteoporosis " By pokemon go keeping us active and exercising, its keeping is healthy by preventing or insuring all these benefits.

Secondly, Pokemon Go creates interactivity with others, and helping you explore your community. As according to Document D, Is Pokemon Go Good for Our Society?, " By exploring their communities and sharing information about where to find creatures, players and interacting with strangers and finding new friends " With pokemon go others get to meet new people, find out who their neighbors are, get new contacts for future sue, or new friends. Which

helps with making people more socially interactive with others. According to Document E, The Psychological Pro's and Con's of Pokemon Go, "... the game has successfully encouraged people to go outside and walk" Pokemon doesn't just help people stay active and healthy, but it also allows them to come out of their comfort zone and interact socially with others. This will help create social skills that that might help that person out later on in life.

Thirdly, Pokemon Go has brought a lot of customers to their business owners gain more customers if they are always walking around. According to Document D, Is Pokemon Go Good for Our Society? "Some business owners are very happy about the game, Pokemon Go has brought a lot of customers to their businesses" Business owners are being helped by Pokemon Go to make themselves more popular because when people walk around looking for pokemon they are bound to find something new. According to Document E, The Psychological Pro's and Con's of Pokemon Go, "helps players notice their neighborhoods and spark creativity and imagination" If people continue to play they will always find something new no matter where they go.

In conclusion, players if pokemon go will keep active and healthy, encourage interactiveness with others, and help out local businesses in gaining new customers and popularity. This will help people with losing weight, turning introverts into extroverts and helping out local businesses with gaining popularity and customers.
